Darren Paquin,
Community Relations – Energy East Project
TransCanada Pipelines
PO Box 22224
Bankers Hall RPO
Calgary, AB T2P 4J5

Dear Mr. Paquin:

Re: Energy East Project

The Council of the Rural Municipality of Victoria would like to provide their support for the Energy East Pipeline and reinforce the pipeline's potential economic development opportunities that will be created by this project.

We believe that the Energy East pipeline is expected to deliver significant economic benefits to the province, particularly during the construction phase. Job creation and additional tax revenues will be generated by the project and will certainly be of benefit to the country's gross domestic product.

Consequently, Council of the Rural Municipality of Victoria adopted the following resolution, in part, at their most recent regular meeting held July 13th, 2014:

"..BE IT RESOLVED that Council of the Rural Municipality of Victoria hereby support the construction of the Energy East Pipeline proposed by TransCanada Pipelines.

Carried"

We trust that the foregoing and enclosed will provide your office with the sentiment of our Council regarding the distribution of energy to the east coast of our great country. If you require any further assistance, please feel free to contact our office at your convenience.

Yours respectfully,

Harold W. Purkess,
Reeve
